

360° Remote Collaboration Platform for **Site Meetings**

Create a future beyond distance with Avatour.

/ **Remote Inspections & Audits**

Conduct internal quality control, supplier audits, and third-party certifications. With Avatour, inspectors can choose their own perspective and move about a space freely, as if physically present.

/ **Virtual Tours**

Host an interactive and immersive remote site tour, enabling visitors to explore a place as if they were there. Host a session in real time or record for later viewing.

/ **On-Site Training**

Take advantage of hands-on site training without the need to travel. Invite trainees, employees, or collaborators to experience site-specific training in real time, from wherever they are.

Reimagine your operations with the unique benefits of 360° Remote Collaboration Technology.

The Avatour Advantage

Revolutionize remote visits with the power of the full picture and the freedom to choose your point of view.

The Avatour platform allows remote participants to experience the context of a real place while interacting in real time with the people on site. Visit your facilities, bring stakeholders on site, and connect people to places **in real time – no matter where you are – with the unique power of 360° technology.**

"Avatour offers us a new dimension of digitization in the contract logistics business. It is essential for us and our operations to stay close to our customers!"

– Todd Starbuck, DB Schenker
EVP Business Development, Solution Design and Customer Management

360° Shared Context
provides unobstructed access to a location or facility

Real-Time Collaboration
brings real people to real places, with the ability to interact with the space and on-site personnel

Asset & Screen Sharing
with built-in storage—perfect for checklists, training videos, and more

Viewer Autonomy
gives each individual the ability to feel physically present and choose their point of view
